

Design Studio Mika&Henri was established in 2003 at Budapest, Hungary by an interculturally-married designer couple, *Mika H.J. KIM* and *Henrietta SÁROSI* and has been performing its design projects in various design fields, e.g. product design, space design, graphic design and textile design.

Design Studio Mika&Henri's activities divide into two ways, providing design services and selling products of *the Limited Editions of Mika&Henri*. Providing design services covers wide range of clients from a local private business to an internationally well-known company such as Alessi. The lineup of *the Limited Editions of Mika&Henri* consists of furniture, lamps, home accessories, etc. with extraordinary designs.

Design Studio Mika&Henri is interested in designing immanent communications between objects and users, that are regarded to be in accordance with the holistic philosophy arousing ecological consciousness. Many projects of it show design of ecological aspect not only via environmentally-friendly materials but also via ecological ways of usage.
